How to choose a Shredder

Why Shred?
Information theft is the fastest growing type of fraud in Europe. The good news is that Rexel's stylish range of innovative shredders will protect your personal and business information from being stolen. Ensure that you destroy hard copies of information that could put you or your business at risk. Items you might want to shred are...

Bank/Credit card statements / Client lists / Customer details / Utility bills / Accounting records / Letter headed paper
Tax returns / Medical records / Compliment slips / Salary details / Financial/sales reports

Choosing the right shredder
The shredder you choose depends very much on your personal or business requirements. Our step-by-step guide below can help you determine which shredder will best suit your needs. Alternatively, please visit www.rexeleurope.com/shredderselector, for an interactive guide to choosing a shredder.

1
Where will the shredder be located and how many people will use it?

Features and Benefits explained

Rexel shredders have a huge array of features that will meet your every need.
Whilst browsing through the brochure look out for the icons below :

CONTINUOUS SENSING
When during shredding additional paper is fed into the machine the mechanism will continue to operate and prevent the shredder to jam.

MERCURY JAM FREE
Shredder mouth illuminates to warn when there is too much paper inserted. Shredder will not start therefore preventing paper jams.

ULTRA QUIET
Shredder designed to have ultra quiet operation, ideal for shared environments.

MAX SHEETS
Shredder accepts large volumes of sheets in one go.

RECYCLING BAGS
Recyclable paper bags available for this product for the easiest way to empty and recycle your shredded paper.

AUTO SHUT-OFF
Shredder automatically switches itself off after a short time to conserve power consumption and for added safety.

SELF CLEANING
Cutters are self cleaning to remove lose pieces of paper and prevent paper jams.

CONTINUOUS OPERATION
Shredder can be used continuously, no cool down means no wasted time.

JAM BOOST
Button that when pressed maximises power to clear a jam.

COMPACTION TECHNOLOGY
Shredded paper is compacted in the bin to allow more shredding and less emptying.

AUTO-FEED TECHNOLOGY
Shredder automatically shreds a stack of paper with no user intervention.

LARGE BIN CAPACITY
Extra large bin for less emptying.

AUTO REVERSE
Returns paper that is too thick or too many sheets for shredder to accept.

EASY EMPTY BIN
Pull out bin makes emptying fast and simple without having to remove shredder head.

EASY PAPER FEED
Shredder head is angled, positioned for easy and instant shredding.

AUTO-OILING
Oils the cutting head automatically when required to provide better shred performance and a longer shredder life.

In addition to these special features, also look out for these icons by each shredder in the brochure.

Understanding Security

The 1995 DIN standard 32 757 1/1995 set out 5 levels of shred "categories", their relevant uses and their specific shred features. Many government bodies and security consultants use these DIN standards in their analysis and decision-making of documents security risk management.

Security Level	Security Classification	Ribbon Cut shred size	Confetti Cut shred size
①	Basic	6.1 - 12mm	20
②	General	2.1 - 6mm	20
③	Confidential	2mm or less	40mm x 80mm
④	Highly Confidential		2mm x 15mm
⑤	Extremely Confidentia		0.8mm x 13mm or less

Warranties and Services

Guarantee
ACCO Brands warrants its product/products and their parts against defects in materials and workmanship under normal use for a period of two (2) years from the original date of purchase.

Additional Guarantee
ACCO Brands guarantees the cutting blades of the shredder to be free from defects in material and workmanship for up to 20 years from the date of purchase (depending on the Rexel model). Please refer to the user manual for more information.

*Please note that the cutter blades will be progressively worn down by shredding fastened ark (staples and paperclips) - this is not covered in the warranty. With regards to CD shredding, Rexel departmental and small office shredders have been designed to shred up to 500 and 300 CDs respectively during the warranty period. Excessive cd shredding will wear the cutters and is not covered within the warranty.

A dedicated website is available where it is possible to:

- Download instruction manuals and operator guides for the Rexel machine's range
- Access a guarantee registration service including automatic update reminders
- Use a comprehensive Frequently Asked Questions section
